Subject: RE: DWP Grant & Loan Opportunities - Hollywood Media BID

Ms. Schechter,

I have reviewed your proposal. Currently, we do not have grants rehabilitation of the Highland medians. As for Water Conversation, our experts has stated that your project does not meet the requirement of the California Friendly® Landscape Incentive Program.

As for Economic Development, we do have the Utility Infrastructure Loan (UIL). The Funds can be used for the following:

Purchase and installation of equipment required by the LADWP to provide electric energy or water service to the customer, Purchase and installation of energy efficiency equipment that exceeds Title 24 requirements and/or water conservation equipment, Purchase and installation of power factor correction/power reliability equipment, and Purchase and installation of solar photovoltaic systems except for the Feed-in Tariff (FiT) Program.

Since the project will conserve water, it could potentially qualify for UIL funding. However, loan applicants must be a commercial customers of LADWP with financial documents showing they can repay.

Please complete the appropriate loan application from the link below:
